The first edition of this conference was held in Mumbai during 2 & 3 December 2019; soon thereafter the world faced an unknown & unheard of health tragedy in the form of COVID 2019. The global economy and industry were shattered beyond imagination during 2020 & 2021, with loss of millions of lives, including front line workers.

The year 2022 has gradually revived the global economy as well as the industry to near normal now. Semiconductor chips shortage did affect the global auto industry for some time and now the situation has eased.

Auto and auto components industry are back in action. Investments in infrastructure (renewable energy, telecom, electric vehicles, power etc.,) are picking up momentum.

*In order to prepare a road map for the Lead & Lead acid battery industry, ILZDA in association with international & Indian bodies will be organizing an “**International Conference on Lead & Lead Batteries – Energy Storage, E-mobility & Environment**” during **5 & 6 Dec 2022** at New Delhi (Hotel Ibis, Aerocity).
