**International Conference on  
Lead & Lead Batteries  
– Energy Storage, E-Mobility & Environment  
2 & 3 Dec 2019, Mumbai (Orchid Hotel)**

**Introduction**

At present, it is a very challenging time for the lead acid battery, both the product as well as the industry. In the past also LAB faced similar challenges but this time it is real. Electric mobility and Energy Storage are picking up momentum all over the world and in India, the government seems to be serious on this front, the deadlines & the targets.

At the same time India, by and large, is a price-sensitive market and the population has a very rich, satisfying experience, all these decades, in using an economically affordable lead acid battery, in various applications

In order to take stock of the current situation and to prepare the stakeholders of the lead battery industry for the future by arriving at meaningful recommendations, short term as well as long term, India Lead Zinc Development Assn (ILZDA) & Battery Society of India (BSI) will be holding an **“International Conference on Lead & Lead Batteries–Energy Storage, E-mobility & Environment”** during 2&3 Dec 2019 (Monday & Tuesday) at Mumbai (Venue: Orchid Hotel).

**Focus Area**
