

Sub: ILZDA International Conference on Lead & Lead Batteries
- Unlocking Their True Potential, 1 & 2 Dec 2025, New Delhi
(India International Centre)

FIRST CIRCULAR

This year's "**International Conference on Lead & Lead Batteries**" will be held at India International Centre, New Delhi during 1 & 2 Dec 2025 and the theme is **Unlocking Their True Potential**. With multiple applications including the Emerging Markets, Energy Storage and E-mobility, the Lead battery sector and the Lead recycling industry seem to be witnessing double digit growths at times. Both Lead as well as Lead batteries have a huge, untapped market potential and the conference will prepare a roadmap for exploiting the hidden business opportunities. "**Safe Lead**" should be our ultimate objective.

Supporters:

The conference will be organized with the whole-hearted support of Lead battery manufacturers, Lead recyclers, plant & equipment suppliers, consultants, CPCB, Ministry of Mines, international and Indian professional bodies.

Speakers:

Several leading overseas and Indian experts, scientists, policy makers, regulatory bodies and industry professionals will be making thought-provoking technical presentations.

Topics:

Lead battery technology, innovations, current & emerging Lead markets, energy storage, electric mobility, R&D, sustainable development, environmental regulations, standardisation, testing and performance will be focussed at the two day event

Cosponsorships, Advertisements & Registration:

The attached brochure gives all the required details. For guidance or clarifications, please contact +91 9871300929 / +91 9873058907 or send an email (ilzda.info@gmail.com).

Eagerly looking forward to your support and active participation to make the conference a successful and productive event.

Best Regards
