

**Sub: ILZDA International Webinar on Advanced Lead Acid Batteries
for Energy Storage & E-mobility – Way Forward
24 June 2022, 14.30 – 16.30 hrs (Indian time)**

=====

Sponsored by

**M/s Amara Raja Batteries Ltd, Exide Industries Ltd, Luminous Power Technologies Pvt Ltd
Microtex Energy Pvt Ltd, Waldies Compound Ltd &
Indian Battery Manufacturers Association**

Gentlemen:

Warm greetings!

As one can see, Energy Storage & E-mobility are the two major emerging and promising markets in India, offering huge opportunities. Advanced Lead acid batteries have a big potential in this space. It is high time that we discuss and develop a suitable road map for India. The above webinar will serve this very purpose.

Several international and Indian experts will be speaking at the webinar. The tentative technical programme is attached. It is a webinar that will be very useful to all the stakeholders of the Indian Lead battery industry. Please do register and benefit from the technical discussions.

REGISTRATION FEES

- a) ILZDA members: Rs.1000/- + 18% GST ie., Rs.1180/-
- b) ILZDA non members: Rs.1500/- + 18% GST ie., Rs.1770/-
- c) Overseas participants: USD 50 per head, incl GST (bank details on request)

COSPONSORSHIP SUPPORT

Progressive companies are requested to extend **cospponsorship support** with a contribution of **Rs.15000/-**. Such a support will have the following complimentaries: 6 participants and wide publicity alongwith the company's logo.

REMITTANCES

Kindly confirm your registration (name, designation, company & location, mobile number and email id) or your cosponsorship so that we can send you our proforma invoice and bank details for the remittance. (Email: ilzda.info@gmail.com)

CONFIRMATION

Registering participants will get an immediate confirmation; nearer the event, the exclusive joining link will be sent.

Looking forward to your participation.

Best Regards
